### GOVERNMENT MOTION

3. *Mr. Miller* (Muskoka)—Resolution—That this House approves in general the Budgetary Policy of the Government.

### PRIVATE MEMBERS' MOTIONS

1. *Mr. Shymko*—Resolution—That this House, on behalf of the people of Ontario, requests the Government of Canada to protest and condemn the latest wave of persecution, mass arrests, wounding and killing of freedom-loving Albanian nationals in Yugoslavia, mostly students and workers whose public demands for basic human, economic and national rights in the predominantly Albanian province of Kosovo have placed that region under an unprecedented state of emergency; and this House on behalf of the people of Ontario urges the Government of Canada to make appropriate representation before the Government of Yugoslavia expressing grave concern about these flagrant violations of basic human rights, in particular the ruthless action of State security forces, secret trials, torture and policies of ethnocide against the two million Albanians in Yugoslavia as documented by Amnesty International, and that such actions be opposed as incompatible with the provisions of the United Nations Charter, the Universal Declaration of Human Rights and the Helsinki Final Act to which the Government of Yugoslavia is a signatory.
2. *Mr. Kennedy*—Resolution—That in the opinion of this House, and in accordance with the Resolution of the Third Session of the 31st Parliament, passed on June 21st, 1979, the Government should introduce legislation to reduce the writ period of Provincial General Elections and By-elections to a length of 30 days; and further that the ballot include the registered political party affiliation of the candidates; and that the House give early consideration to the establishment of a Select Committee on Election Laws to consider such other election reforms as the Committee may deem appropriate.
3. *Mr. Havrot*—Resolution—That, in the opinion of this House, the Government should reflect the fact that mining is the largest employer, and largest revenue-producer in the North, by examining the feasibility of re-establishing a separate Ministry of Mines. *To be debated May 14th, 1981.*
4. *Mr. Spensieri*—Resolution—That in the opinion of this House, the Procedural Affairs Committee should undertake a study of all provincial appointments made to agencies, boards and commissions, as well as to senior levels of the Public Service, which would determine whether the social and ethno-cultural diversity of the population of Ontario is reasonably reflected in those appointments. *To be debated May 14th, 1981.*
5. *Mr. Johnson* (Wellington-Dufferin-Peel)—Resolution—That this House urge the Ontario Government through the Minister of Agriculture and Food to allocate sufficient resources to permit the reasonable financing of tile drainage loans to more readily meet the needs of Ontario farmers. And to advance

the Provincial program for completion of province wide tile drainage installation on agricultural land which is inadequately drained resulting in a reduction in productivity. *To be debated May 21st, 1981.*

6. *Mr. Smith*—Resolution—That this House disagrees with the Government's continuing emphasis on electrical generation by nuclear power stations, and in particular the acceleration of construction of the Darlington plant, despite evidence which shows that such additional electricity will not be needed; and that this House believes that there should be a redirection of Government funds to encourage conservation programmes, as well as a massive programme to develop alternative energy sources such as fuel alcohol for internal combustion engines. *To be debated May 28th, 1981.*
  7. *Mr. Gordon*—Resolution—That in the opinion of this House, the presently operating Task Force on Equal Opportunities and Access, set up by the Ontario Advisory Council on Multiculturalism and Citizenship, which is studying provincial government appointments to agencies, boards and commissions as well as government employment and promotion practices, be extended full co-operation and assistance by government ministries and agencies, and that the report of the Task Force be made public upon its completion.

Will the Ministry also provide the cost of each poll and the company that took the poll. Will the Ministry table the polls that have been taken in this time period. *May 13th, 1981.*

93. *Mr. Foulds*—Enquiry of the Ministry—What was the total expenditure by Ontario Hydro, by the Ministry of Energy, and by other ministries of government, in connection with the press conference at the Bruce Nuclear Power Plant that was held during the provincial election campaign, on March 4th, in order to announce the Bruce Energy Centre. What is the estimated value of the time of the civil servants and Hydro officials who took time off normal duty in order to attend; what were their transportation costs to go to the press conference. In view of the participation at the press conference of candidates for the Progressive Conservative Party, is it the intention of the government or of Ontario Hydro to bill the Conservative Party for any of the expenditures in connection with this press conference, and if so, for how much. *May 13th, 1981.*
94. *Mr. Wildman*—Enquiry of the Ministry—What is the view of the Minister of Colleges and Universities about the observation by former Sault Ste. Marie MPP, Arthur Wishart, (expressed in a CBC radio interview broadcast on April 15, 1981) that the Premier of Ontario has his priorities all wrong to be denying adequate funds to secure the future of Algoma University College while committing public money to the King Mountain ski resort. Since the Minister must assume responsibility for advising the Premier on university funding, what is her reaction to the former MPP's call in that interview for changes in the people who are advising the Premier. *May 15th, 1981.*
95. *Mr. Foulds*—Enquiry of the Ministry—Will the Ministry list the specific modifications, improvements and new equipment that has been obtained in each of the pulp and paper mills whose companies have received grants from the Employment and Development Fund (or through BILD program). Will the Ministry list the amount of grant in each case, the total amount of investment, and the number of jobs gained or lost. Will the Ministry be site specific by naming each mill and location. For those mills where the improvements, modifications and new equipment are not yet complete, would the Ministry list those improvements, modifications and new equipment, that are specifically agreed to by each company. In addition, would the Ministry summarize the answers by including a series of tabled giving the above information patterned after those in the Ministry of Natural Resources document entitled *The Ontario Pulp and Paper Industry—Status and Outlook*, April 1978. *May 15th, 1981.*

## PRIVATE MEMBERS' MOTIONS

1. *Mr. Shymko*—Resolution—That this House, on behalf of the people of Ontario, requests the Government of Canada to protest and condemn the latest wave of persecution, mass arrests, wounding and killing of freedom-loving Albanian nationals in Yugoslavia, mostly students and workers whose public demands for basic human, economic and national rights in the predominantly Albanian province of Kosovo have placed that region under an unprecedented state of emergency; and this House on behalf of the people of Ontario urges the Government of Canada to make appropriate representation before the Government of Yugoslavia expressing grave concern about these flagrant violations of basic human rights, in particular the ruthless action of State security forces, secret trials, torture and policies of ethnocide against the two million Albanians in Yugoslavia as documented by Amnesty International, and that such actions be opposed as incompatible with the provisions of the United Nations Charter, the Universal Declaration of Human Rights and the Helsinki Final Act to which the Government of Yugoslavia is a signatory.
2. *Mr. Kennedy*—Resolution—That in the opinion of this House, and in accordance with the Resolution of the Third Session of the 31st Parliament, passed on June 21st, 1979, the Government should introduce legislation to reduce the writ period of Provincial General Elections and By-elections to a length of 30 days; and further that the ballot include the registered political party affiliation of the candidates; and that the House give early consideration to the establishment of a Select Committee on Election Laws to consider such other election reforms as the Committee may deem appropriate.
3. *Debated May 14th, 1981.*
4. *Debated May 14th, 1981.*
5. *Mr. Johnson* (Wellington-Dufferin-Peel)—Resolution—That this House urge the Ontario Government through the Minister of Agriculture and Food to allocate sufficient resources to permit the reasonable financing of tile drainage loans to more readily meet the needs of Ontario farmers. And to advance the Provincial program for completion of province wide tile drainage installation on agricultural land which is inadequately drained resulting in a reduction in productivity. *To be debated May 21st, 1981.*
6. *Mr. Smith*—Resolution—That this House disagrees with the Government's continuing emphasis on electrical generation by nuclear power stations, and in particular the acceleration of construction of the Darlington plant, despite evidence which shows that such additional electricity will not be needed; and that this House believes that there should be a redirection of Government funds to encourage conservation programmes, as well as a massive programme to develop alternative energy sources such as fuel alcohol for internal combustion engines. *To be debated May 28th, 1981.*
7. *Mr. Gordon*—Resolution—That in the opinion of this House, the presently operating Task Force on Equal Opportunities and Access, set up by the

Ontario Advisory Council on Multiculturalism and Citizenship, which is studying provincial government appointments to agencies, boards and commissions as well as government employment and promotion practices, be extended full co-operation and assistance by government ministries and agencies, and that the report of the Task Force be made public upon its completion.

8. *Mr. Philip*—Resolution—That, in the opinion of this House, the Government of Ontario should take immediate steps to develop programs and introduce Legislation designed to alleviate the current housing crisis evidenced by the rapidly increasing price of houses and the diminishing stock of decent affordable housing in Ontario, and that, in particular, the Government should: 1. introduce a Housing Speculation Tax in the Assembly to tax away the speculative profits made by persons who buy and sell housing and land (for the purpose of making easy profits in a speculative market), but that includes a specific exemption for homeowners selling residences they occupy, and for long term investors who provide affordable rental accommodation; 2. sponsor the establishment of a Select Committee of the Assembly to inquire into and assess the impact of the flow of foreign speculative capital on the Province's housing market; and 3. establish effective housing programs to produce and upgrade the stock of decent, affordable housing in Ontario.
  9. *Mr. Miller* (Haldimand-Norfolk)—Resolution—That, in the opinion of this House, the Government recognize that economic pressures are forcing many farmers in this province out of the agriculture industry, and that the Government take immediate steps to set up short and long term financial programs so that the agriculture industry will grow and prosper and compete equitably with agricultural financial assistance programs in other provinces—and give our young farmers an opportunity to get back to farming. *To be debated June 18th, 1981.*
  10. *Mr. Taylor* (Simcoe Centre)—Resolution—That this House reaffirm its support for producer operated provincial and national marketing boards, which provide an effective means of marketing many farm products in this country, and which give farmers much needed bargaining power in the marketplace and have been an effective mechanism to provide consumers with a stable supply of wholesome food products at reasonable prices, and which are supportive of the family farm, small business, and the promotion and development of food resources throughout this province and country. *To be debated June 4th, 1981.*

Ballot Item No. 8

## Ballot Item No. 11

*Mr. Miller* (Haldimand-Norfolk)—Resolution—That, in the opinion of this House, the Government recognize that economic pressures are forcing many farmers in this province out of the agriculture industry, and that the Government take immediate steps to set up short and long term financial programs so that the agriculture industry will grow and prosper and compete equitably with agricultural financial assistance programs in other provinces—and give our young farmers an opportunity to get back to farming. *To be debated June 25th, 1981.*

*(Private Members' Motions, other than those directly related to Government Orders, will be published on the Notice Paper each Thursday.)*

11. *Mr. Cassidy*—Motion under Standing Order 63(a)—That this House: condemns the decision of the government to ignore the recommendations of the Hall Commission on Health Care to eliminate health premiums and substitute a more progressive system of taxation; condemns the government for its outrageous decision to raise OHIP premiums by 15% and maintain health premiums at the highest level in Canada; condemns the government for making the overall burden of personal taxes in Ontario including health premiums the highest of any province for families on modest income; condemns the government for forcing families to pay \$552 a year for medicare and then blocking access to universal medicare by means of user fees on health facilities and tolerating extra billing by opted out doctors; and for all these reasons this House no longer has confidence in the government.

## NOTICES

### PRIVATE MEMBER'S MOTION TABLED ON MAY 26th, 1981

*(Private Members' Motions, other than those directly related to Government Orders, will be published on the Notice Paper each Thursday.)*

12. *Mr. McClellan*—Resolution—That, in the opinion of this House, Recommendation #40 of the Royal Commission on the Status of Pensions in Ontario, which reads, in part: “The Government of Ontario should institute by legislation a mandatory retirement savings plan for all workers in Ontario aged 18 to 64 with the following features: (a) The Provincial Universal Retirement System (PURS) to be based on an individual account (money purchase) design.”; is rejected by this House on the grounds first, that the PURS proposal will take 47 years to reach maturity, second, that PURS provides no specific benefits to individual subscribers and third, that as a mandatory plan, PURS represents government intervention to expand and guarantee a market for the services of the private pension industry; and further, that this House rejects Recommendation #35 of the Royal Commission on the Status of Pensions (respecting the Canada Pension Plan) on the grounds that the proper path of pension reform lies in the expansion of the existing public pension system; and therefore this House endorses the following proposals and adopts them as the basis of Ontario's pension reform policy: 1. Canadian Pension Plan benefits should be increased to 50% of earned income up to 1.5 times the Average Industrial Wage; 2. Old Age Security benefits should be pegged at 15% of the Average Industrial Wage; 3. Minimum benefits under the CPP should be based upon 50% of the Average Industrial Wage, to recognize the value of labour outside the economy; 4. The child-rearing drop-out amendment to the Canada Pension Plan should be ratified immediately by the Government of Ontario; 5. Exemptions from the increase will be permitted to employers with established plans if they provide benefits of equivalent value; 6. The CPP should require the splitting of pension credits by economic partners; 7. and finally, the Select Committee on Pensions referenced in the Speech from the Throne should be instructed through its terms of reference, to study and report upon ways and means of implementing voluntary early retirement under the Canada Pension Plan, including in particular any necessary amendments to the income tax system. *To be debated June 11th, 1981.*

## NOTICES

## PRIVATE MEMBERS' MOTIONS

1. *Mr. Shymko*—Resolution—That this House, on behalf of the people of Ontario, requests the Government of Canada to protest and condemn the latest wave of persecution, mass arrests, wounding and killing of freedom-loving Albanian nationals in Yugoslavia, mostly students and workers whose public demands for basic human, economic and national rights in the predominantly Albanian province of Kosovo have placed that region under an unprecedented state of emergency; and this House on behalf of the people of Ontario urges the Government of Canada to make appropriate representation before the Government of Yugoslavia expressing grave concern about these flagrant violations of basic human rights, in particular the ruthless action of State security forces, secret trials, torture and policies of ethnocide against the two million Albanians in Yugoslavia as documented by Amnesty International, and that such actions be opposed as incompatible with the provisions of the United Nations Charter, the Universal Declaration of Human Rights and the Helsinki Final Act to which the Government of Yugoslavia is a signatory.
2. *Mr. Kennedy*—Resolution—That in the opinion of this House, and in accordance with the Resolution of the Third Session of the 31st Parliament, passed on June 21st, 1979, the Government should introduce legislation to reduce the writ period of Provincial General Elections and By-elections to a length of 30 days; and further that the ballot include the registered political party affiliation of the candidates; and that the House give early consideration to the establishment of a Select Committee on Election Laws to consider such other election reforms as the Committee may deem appropriate.
3. *Debated May 14th, 1981.*
4. *Debated May 14th, 1981.*
5. *Mr. Johnson* (Wellington-Dufferin-Peel)—Resolution—That this House urge the Ontario Government through the Minister of Agriculture and Food to allocate sufficient resources to permit the reasonable financing of tile drainage loans to more readily meet the needs of Ontario farmers. And to advance the Provincial program for completion of province wide tile drainage installation on agricultural land which is inadequately drained resulting in a reduction in productivity. *To be debated May 21st, 1981.*
6. *Mr. Smith*—Resolution—That this House disagrees with the Government's continuing emphasis on electrical generation by nuclear power stations, and in particular the acceleration of construction of the Darlington plant, despite evidence which shows that such additional electricity will not be needed; and that this House believes that there should be a redirection of Government funds to encourage conservation programmes, as well as a massive programme to develop alternative energy sources such as fuel alcohol for internal combustion engines. *To be debated May 28th, 1981.*
7. *Mr. Gordon*—Resolution—That in the opinion of this House, the presently operating Task Force on Equal Opportunities and Access, set up by the

Ontario Advisory Council on Multiculturalism and Citizenship, which is studying provincial government appointments to agencies, boards and commissions as well as government employment and promotion practices, be extended full co-operation and assistance by government ministries and agencies, and that the report of the Task Force be made public upon its completion.

8. *Mr. Philip*—Resolution—That, in the opinion of this House, the Government of Ontario should take immediate steps to develop programs and introduce Legislation designed to alleviate the current housing crisis evidenced by the rapidly increasing price of houses and the diminishing stock of decent affordable housing in Ontario, and that, in particular, the Government should: 1. introduce a Housing Speculation Tax in the Assembly to tax away the speculative profits made by persons who buy and sell housing and land (for the purpose of making easy profits in a speculative market), but that includes a specific exemption for homeowners selling residences they occupy, and for long term investors who provide affordable rental accommodation; 2. sponsor the establishment of a Select Committee of the Assembly to inquire into and assess the impact of the flow of foreign speculative capital on the Province's housing market; and 3. establish effective housing programs to produce and upgrade the stock of decent, affordable housing in Ontario.
9. *Mr. Miller* (Haldimand-Norfolk)—Resolution—That, in the opinion of this House, the Government recognize that economic pressures are forcing many farmers in this province out of the agriculture industry, and that the Government take immediate steps to set up short and long term financial programs so that the agriculture industry will grow and prosper and compete equitably with agricultural financial assistance programs in other provinces—and give our young farmers an opportunity to get back to farming. *To be debated June 18th, 1981.*
10. *Mr. Taylor* (Simcoe Centre)—Resolution—That this House reaffirm its support for producer operated provincial and national marketing boards, which provide an effective means of marketing many farm products in this country, and which give farmers much needed bargaining power in the marketplace and have been an effective mechanism to provide consumers with a stable supply of wholesome food products at reasonable prices, and which are supportive of the family farm, small business, and the promotion and development of food resources throughout this province and country. *To be debated June 4th, 1981.*
11. *Mr. Cassidy*—Motion under Standing Order 63(a)—That this House: condemns the decision of the government to ignore the recommendations of the Hall Commission on Health Care to eliminate health premiums and substitute a more progressive system of taxation; condemns the government for its outrageous decision to raise OHIP premiums by 15% and maintain health premiums at the highest level in Canada; condemns the government for making the overall burden of personal taxes in Ontario including health premiums the highest of any province for families on modest income; condemns the government for forcing families to pay \$552 a year for medicare and then blocking access to universal medicare by means of user fees on health facilities and tolerating extra billing by opted out doctors; and for all these reasons this House no longer has confidence in the government.

12. *Mr. McClellan*—Resolution—That, in the opinion of this House, Recommendation #40 of the Royal Commission on the Status of Pensions in Ontario, which reads, in part: "The Government of Ontario should institute by legislation a mandatory retirement savings plan for all workers in Ontario aged 18 to 64 with the following features: (a) The Provincial Universal Retirement System (PURS) to be based on an individual account (money purchase) design."; is rejected by this House on the grounds first, that the PURS proposal will take 47 years to reach maturity, second, that PURS provides no specific benefits to individual subscribers and third, that as a mandatory plan, PURS represents government intervention to expand and guarantee a market for the services of the private pension industry; and further, that this House rejects Recommendation #35 of the Royal Commission on the Status of Pensions (respecting the Canada Pension Plan) on the grounds that the proper path of pension reform lies in the expansion of the existing public pension system; and therefore this House endorses the following proposals and adopts them as the basis of Ontario's pension reform policy: 1. Canadian Pension Plan benefits should be increased to 50% of earned income up to 1.5 times the Average Industrial Wage; 2. Old Age Security benefits should be pegged at 15% of the Average Industrial Wage; 3. Minimum benefits under the CPP should be based upon 50% of the Average Industrial Wage, to recognize the value of labour outside the economy; 4. The child-rearing drop-out amendment to the Canada Pension Plan should be ratified immediately by the Government of Ontario; 5. Exemptions from the increase will be permitted to employers with established plans if they provide benefits of equivalent value; 6. ## PRIVATE MEMBERS' BUSINESS TO BE DEBATED

*(Precedence according to draw held on April 27th, 1981, pursuant to Standing Order 64 (d) )*

Ballot Items 1 and 2—*Debated May 14th, 1981.*

Ballot Item 3—*Debated May 21st, 1981.*

Ballot Item No. 4

*Mr. Johnson* (Wellington-Dufferin-Peel)—Resolution—That this House urge the Ontario Government through the Minister of Agriculture and Food to allocate sufficient resources to permit the reasonable financing of tile drainage loans to more readily meet the needs of Ontario farmers. And to advance the Provincial program for completion of province wide tile drainage installation on agricultural land which is inadequately drained resulting in a reduction in productivity. *To be debated May 28th, 1981.*

Ballot Item No. 5

*Mr. Smith*—Resolution—That this House disagrees with the Government's continuing emphasis on electrical generation by nuclear power stations, and in particular the acceleration of construction of the Darlington plant, despite evidence which shows that such additional electricity will not be needed; and that this House believes that there should be a redirection of Government funds to encourage conservation programmes, as well as a massive programme to develop alternative energy sources such as fuel alcohol for internal combustion engines. *To be debated May 28th, 1981.*

Ballot Item No. 6

*Second Reading* Bill 17, An Act to amend The Employment Standards Act, 1974. *Mr. Martel.* *To be debated June 4th, 1981.*

Ballot Item No. 7

*Mr. Taylor* (Simcoe Centre)—Resolution—That this House reaffirm its support for producer operated provincial and national marketing boards, which provide an effective means of marketing many farm products in this country, and which give farmers much needed bargaining power in the marketplace and have been an effective mechanism to provide consumers with a stable supply of wholesome food products at reasonable prices, and which are supportive of the family farm, small business, and the promotion and development of food resources throughout this province and country. *To be debated June 4th, 1981.*

Ballot Item No. 8

*Second Reading* Bill 57, An Act respecting the Rights of Non-Unionized Workers. *Mr. Haggerty.* *To be debated June 11th, 1981.*

## Ballot Item No. 9

*Mr. McClellan*—Resolution—That, in the opinion of this House, Recommendation #40 of the Royal Commission on the Status of Pensions in Ontario, which reads, in part: “The Government of Ontario should institute by legislation a mandatory retirement savings plan for all workers in Ontario aged 18 to 64 with the following features: (a) The Provincial Universal Retirement System (PURS) to be based on an individual account (money purchase) design.”; is rejected by this House on the grounds first, that the PURS proposal will take 47 years to reach maturity, second, that PURS provides no specific benefits to individual subscribers and third, that as a mandatory plan, PURS represents government intervention to expand and guarantee a market for the services of the private pension industry; and further, that this House rejects Recommendation #35 of the Royal Commission on the Status of Pensions (respecting the Canada Pension Plan) on the grounds that the proper path of pension reform lies in the expansion of the existing public pension system; and therefore this House endorses the following proposals and adopts them as the basis of Ontario’s pension reform policy: 1. Canadian Pension Plan benefits should be increased to 50% of earned income up to 1.5 times the Average Industrial Wage; 2. Old Age Security benefits should be pegged at 15% of the Average Industrial Wage; 3. Minimum benefits under the CPP should be based upon 50% of the Average Industrial Wage, to recognize the value of labour outside the economy; 4. The child-rearing drop-out amendment to the Canada Pension Plan should be ratified immediately by the Government of Ontario; 5. Exemptions from the increase will be permitted to employers with established plans if they provide benefits of equivalent value; 6. The CPP should require the splitting of pension credits by economic partners; 7. and finally, the Select Committee on Pensions referenced in the Speech from the Throne should be instructed through its terms of reference, to study and report upon ways and means of implementing voluntary early retirement under the Canada Pension Plan, including in particular any necessary amendments to the income tax system. *To be debated June 11th, 1981.*

## Ballot Item No. 11

*Mr. Miller* (Haldimand-Norfolk)—Resolution—That, in the opinion of this House, the Government recognize that economic pressures are forcing many farmers in this province out of the agriculture industry, and that the Government take immediate steps to set up short and long term financial programs so that the agriculture industry will grow and prosper and compete equitably with agricultural financial assistance programs in other provinces—and give our young farmers an opportunity to get back to farming. *To be debated June 18th, 1981.*

## NOTICES

## PRIVATE MEMBERS' MOTIONS

*(Private Members' Motions, other than those directly related to Government Orders, will be published on the Notice Paper each Thursday.)*

11. *Mr. Cassidy*—Motion under Standing Order 63(a)—That this House: condemns the decision of the government to ignore the recommendations of the Hall Commission on Health Care to eliminate health premiums and substitute a more progressive system of taxation; condemns the government for its outrageous decision to raise OHIP premiums by 15% and maintain health premiums at the highest level in Canada; condemns the government for making the overall burden of personal taxes in Ontario including health premiums the highest of any province for families on modest income; condemns the government for forcing families to pay \$552 a year for medicare and then blocking access to universal medicare by means of user fees on health facilities and tolerating extra billing by opted out doctors; and for all these reasons this House no longer has confidence in the government.

TABLED MAY 28th, 1981

13. *Mr. Reid*—Resolution—That, in the opinion of this House, non-resident campers must stay at licensed tourist facilities, licensed trailer camps, hotels or motels, or provincial parks when camping, fishing or hunting in Ontario, and that they no longer be allowed to camp free on Crown Lands for up to three weeks.

duty in order to attend; what were their transportation costs to go to the press conference. In view of the participation at the press conference of candidates for the Progressive Conservative Party, is it the intention of the government or of Ontario Hydro to bill the Conservative Party for any of the expenditures in connection with this press conference, and if so, for how much. *May 13th, 1981.*

94. *Mr. Wildman*—Enquiry of the Ministry—What is the view of the Minister of Colleges and Universities about the observation by former Sault Ste. Marie MPP, Arthur Wishart, (expressed in a CBC radio interview broadcast on April 15, 1981) that the Premier of Ontario has his priorities all wrong to be denying adequate funds to secure the future of Algoma University College while committing public money to the King Mountain ski resort. Since the Minister must assume responsibility for advising the Premier on university funding, what is her reaction to the former MPP's call in that interview for changes in the people who are advising the Premier. *May 15th, 1981.*
95. *Mr. Foulds*—Enquiry of the Ministry—Will the Ministry list the specific modifications, improvements and new equipment that has been obtained in each of the pulp and paper mills whose companies have received grants from the Employment and Development Fund (or through BILD program). Will the Ministry list the amount of grant in each case, the total amount of investment, and the number of jobs gained or lost. Will the Ministry be site specific by naming each mill and location. For those mills where the improvements, modifications and new equipment are not yet complete, would the Ministry list those improvements, modifications and new equipment, that are specifically agreed to by each company. In addition, would the Ministry summarize the answers by including a series of tabled giving the above information patterned after those in the Ministry of Natural Resources document entitled *The Ontario Pulp and Paper Industry—Status and Outlook*, April 1978. *May 15th, 1981.*
96. *Mr. Grande*—Enquiry of the Ministry—Will the Minister responsible produce the following information regarding the municipality of the Borough of York: any and all grants the Borough received directly in the years 1978-79-80-81, and the specific purpose for which the funds were generated. *May 20th, 1981.*
97. *Mr. Grande*—Enquiry of the Ministry—Will the Minister of Education table for each school board in Ontario for 1979, 1980, 1981, using interim and estimate figures where necessary: 1. the average daily enrolment; 2. per pupil grant ceiling; 3. per pupil expenditures; 4. total expenditure; 5. total local taxation; 6. total provincial assistance; 7. rate of grant on recognized ordinary expenditures; 8. provincial contribution as a percentage of the total local school board expenditures; 9. rate of grant for French language instruction; 10. decline or increase in number of students from previous year; 11. decline or increase in number of full time equivalent teachers from previous year; 12. number of self contained special education classes; 13. number of full time equivalent teachers of special education classes; 14. number of heritage language classes; 15. number of students studying heritage languages; 16. number of pupils whose first language is neither English nor French; 17. number of self contained classes for pupils whose first language is neither English nor French; 18. number of full time equivalent teachers of classes for pupils whose first language is neither English nor French. *May 20th, 1981.*

98. *Mr. Bradley*—Enquiry of the Minister—Could the Minister of Consumer and Commercial Relations indicate, on the basis of item 4 of the Interim Report of the Standing Committee on Administration of Justice, that is, “The Committee is also of the opinion, based particularly on the evidence of John Clement, former Minister of Consumer and Commercial Relations and former Attorney General of Ontario, that political influence was exerted on provincial officials to obtain a provincial registration for Astra Trust”, what action has been taken or is being contemplated to avoid such an unfortunate occurrence in the future. *May 26th, 1981.*
99. *Withdrawn May 28th, 1981.*
100. *Mr. Wildman*—Enquiry of the Minister—Would the Ministry of Northern Affairs table the total number of applications for the formation of Local Services Boards from unorganized communities in Northern Ontario that it has received to date. Also, would the Ministry explain the status of the application for the formation of a LSB from the unorganized community of Searchmont and when it expects to announce a final decision on that application. *May 29th, 1981.*
101. *Mr. Wildman*—Enquiry of the Minister—Would the Ministry of Northern Affairs table the specific number of applications for fire protection equipment—i.e., fire trucks—from unorganized communities in Northern Ontario under the Isolated Communities Assistance Fund that the Ministry received and considered for the fiscal year 1981-82. Would the Ministry also list the communities whose applications were turned down and/or postponed for consideration at a later date. How many of these communities have also applied to form or already have formed Local Services Boards. Do those communities whose applications have not received approval for 1981-82 have to begin the application process all over again next year. Would the Ministry also table the total expenditure for fire trucks anticipated for 1981-82. Does this constitute an increase or decrease over last year's ICAF budget. Finally, could the Ministry explain the status of the application for a fire truck from the unorganized township of Aweres. *May 29th, 1981.*
102. *Mr. Mancini*—Enquiry of the Ministry—1. What studies have been prepared for or by the UTDC and its subsidiaries and/or the Ministry pertaining to a proposed rapid transit line to link downtown Hamilton to its suburban areas. 2. What alignments have been proposed and how are they determined. 3. What demand studies have been undertaken to determine project ridership. 4. What alternatives to an ICTS mode have been studied and what is their cost. 5. What total costs have been incurred by the Ministry or the UTDC or its subsidiaries in this project to date. *May 29th, 1981.*

*Second Reading* Bill 17, An Act to amend The Employment Standards Act, 1974. *Mr. Martel. To be debated June 4th, 1981.*

Ballot Item No. 7

*Mr. Taylor* (Simcoe Centre)—Resolution—That this House reaffirm its support for producer operated provincial and national marketing boards, which provide an effective means of marketing many farm products in this country, and which give farmers much needed bargaining power in the marketplace and have been an effective mechanism to provide consumers with a stable supply of wholesome food products at reasonable prices, and which are supportive of the family farm, small business, and the promotion and development of food resources throughout this province and country. *To be debated June 4th, 1981.*

Ballot Item No. 8

*Second Reading* Bill 57, An Act respecting the Rights of Non-Unionized Workers. *Mr. Haggerty. To be debated June 11th, 1981.*

Ballot Item No. 9

*Mr. McClellan*—Resolution—That, in the opinion of this House, Recommendation #40 of the Royal Commission on the Status of Pensions in Ontario, which reads, in part: "The Government of Ontario should institute by legislation a mandatory retirement savings plan for all workers in Ontario aged 18 to 64 with the following features: (a) The Provincial Universal Retirement System (PURS) to be based on an individual account (money purchase) design."; is rejected by this House on the grounds first, that the PURS proposal will take 47 years to reach maturity, second, that PURS provides no specific benefits to individual subscribers and third, that as a mandatory plan, PURS represents government intervention to expand and guarantee a market for the services of the private pension industry; and further, that this House rejects Recommendation #35 of the Royal Commission on the Status of Pensions (respecting the Canada Pension Plan) on the grounds that the proper path of pension reform lies in the expansion of the existing public pension system; and therefore this House endorses the following proposals and adopts them as the basis of Ontario's pension reform policy: 1. Canadian Pension Plan benefits should be increased to 50% of earned income up to 1.5 times the Average Industrial Wage; 2. Old Age Security benefits should be pegged at 15% of the Average Industrial Wage; 3. Minimum benefits under the CPP should be based upon 50% of the Average

Industrial Wage, to recognize the value of labour outside the economy; 4. The child-rearing drop-out amendment to the Canada Pension Plan should be ratified immediately by the Government of Ontario; 5. Exemptions from the increase will be permitted to employers with established plans if they provide benefits of equivalent value; 6. The CPP should require the splitting of pension credits by economic partners; 7. and finally, the Select Committee on Pensions referenced in the Speech from the Throne should be instructed through its terms of reference, to study and report upon ways and means of implementing voluntary early retirement under the Canada Pension Plan, including in particular any necessary amendments to the income tax system. *To be debated June 11th, 1981.*

#### Ballot Item No. 11

*Mr. Miller* (Haldimand-Norfolk)—Resolution—That, in the opinion of this House, the Government recognize that economic pressures are forcing many farmers in this province out of the agriculture industry, and that the Government take immediate steps to set up short and long term financial programs so that the agriculture industry will grow and prosper and compete equitably with agricultural financial assistance programs in other provinces—and give our young farmers an opportunity to get back to farming. *To be debated June 18th, 1981.*

*(Private Members' Motions, other than those directly related to Government Orders, will be published on the Notice Paper each Thursday.)*

11. *Mr. Cassidy*—Motion under Standing Order 63(a)—That this House: condemns the decision of the government to ignore the recommendations of the Hall Commission on Health Care to eliminate health premiums and substitute a more progressive system of taxation; condemns the government for its outrageous decision to raise OHIP premiums by 15% and maintain health premiums at the highest level in Canada; condemns the government for making the overall burden of personal taxes in Ontario including health premiums the highest of any province for families on modest income; condemns the government for forcing families to pay \$552 a year for medicare and then blocking access to universal medicare by means of user fees on health facilities and tolerating extra billing by opted out doctors; and for all these reasons this House no longer has confidence in the government.

## PRIVATE MEMBERS' BUSINESS TO BE DEBATED

*(Precedence according to draw held on April 27th, 1981, pursuant to Standing Order 64 (d) )*

Ballot Items 1 and 2—*Debated May 14th, 1981.*

Ballot Item 3—*Debated May 21st, 1981.*

Ballot Items 4 and 5—*Debated May 28th, 1981.*

Ballot Item No. 6

*Second Reading* Bill 17, An Act to amend The Employment Standards Act, 1974. *Mr. Martel. To be debated June 4th, 1981.*

Ballot Item No. 7

*Mr. Taylor (Simcoe Centre)*—Resolution—That this House reaffirm its support for producer operated provincial and national marketing boards, which provide an effective means of marketing many farm products in this country, and which give farmers much needed bargaining power in the marketplace and have been an effective mechanism to provide consumers with a stable supply of wholesome food products at reasonable prices, and which are supportive of the family farm, small business, and the promotion and development of food resources throughout this province and country. *To be debated June 4th, 1981.*

Ballot Item No. 8

*Second Reading* Bill 57, An Act respecting the Rights of Non-Unionized Workers. *Mr. Haggerty. To be debated June 11th, 1981.*

Ballot Item No. 9

*Mr. McClellan*—Resolution—That, in the opinion of this House, Recommendation #40 of the Royal Commission on the Status of Pensions in Ontario, which reads, in part: "The Government of Ontario should institute by legislation a mandatory retirement savings plan for all workers in Ontario aged 18 to 64 with the following features: (a) The Provincial Universal Retirement System (PURS) to be based on an individual account (money purchase) design."; is rejected by this House on the grounds first, that the PURS proposal will take 47 years to reach maturity, second, that PURS provides no specific benefits to individual subscribers and third, that as a mandatory plan, PURS represents government intervention to expand and guarantee a market for the services of the private pension industry; and further, that this House rejects Recommendation #35 of the Royal Commission on the Status of Pensions (respecting the Canada Pension Plan) on the grounds that the proper path of pension reform lies in the expansion of the existing public pension system; and therefore this House endorses the following proposals and adopts them as the basis of Ontario's pension reform policy: 1. Canadian Pension Plan benefits should be increased to 50% of earned income up to 1.5 times the Average Industrial Wage; 2. Old Age Security benefits should be pegged at 15% of the Average Industrial Wage; 3. Minimum benefits under the CPP should be based upon 50% of the Average

Industrial Wage, to recognize the value of labour outside the economy; 4. The child-rearing drop-out amendment to the Canada Pension Plan should be ratified immediately by the Government of Ontario; 5. Exemptions from the increase will be permitted to employers with established plans if they provide benefits of equivalent value; 6. The CPP should require the splitting of pension credits by economic partners; 7. and finally, the Select Committee on Pensions referenced in the Speech from the Throne should be instructed through its terms of reference, to study and report upon ways and means of implementing voluntary early retirement under the Canada Pension Plan, including in particular any necessary amendments to the income tax system. *To be debated June 11th, 1981.*

#### Ballot Item No. 11

*Mr. Miller* (Haldimand-Norfolk)—Resolution—That, in the opinion of this House, the Government recognize that economic pressures are forcing many farmers in this province out of the agriculture industry, and that the Government take immediate steps to set up short and long term financial programs so that the agriculture industry will grow and prosper and compete equitably with agricultural financial assistance programs in other provinces—and give our young farmers an opportunity to get back to farming. *To be debated June 18th, 1981.*

Ballot Items 1 and 2—*Debated May 14th, 1981.*

Ballot Item 3—*Debated May 21st, 1981.*

Ballot Items 4 and 5—*Debated May 28th, 1981.*

Ballot Item No. 6

*Second Reading* Bill 17, An Act to amend The Employment Standards Act, 1974. *Mr. Martel. To be debated June 4th, 1981.*

Ballot Item No. 7

*Mr. Taylor* (Simcoe Centre)—Resolution—That this House reaffirm its support for producer operated provincial and national marketing boards, which provide an effective means of marketing many farm products in this country, and which give farmers much needed bargaining power in the marketplace and have been an effective mechanism to provide consumers with a stable supply of wholesome food products at reasonable prices, and which are supportive of the family farm, small business, and the promotion and development of food resources throughout this province and country. *To be debated June 4th, 1981.*

Ballot Item No. 8

*Second Reading* Bill 57, An Act respecting the Rights of Non-Unionized Workers. *Mr. Haggerty. To be debated June 11th, 1981.*

Ballot Item No. 9

*Mr. McClellan*—Resolution—That, in the opinion of this House, Recommendation #40 of the Royal Commission on the Status of Pensions in Ontario, which reads, in part: "The Government of Ontario should institute by legislation a mandatory retirement savings plan for all workers in Ontario aged 18 to 64 with the following features: (a) The Provincial Universal Retirement System (PURS) to be based on an individual account (money purchase) design."; is rejected by this House on the grounds first, that the PURS proposal will take 47 years to reach maturity, second, that PURS provides no specific benefits to individual subscribers and third, that as a mandatory plan, PURS represents government intervention to expand and guarantee a market for the services of the private pension industry; and further, that this House rejects Recommendation #35 of the Royal Commission on the Status of Pensions (respecting the Canada Pension Plan) on the grounds that the proper path of pension reform lies in the expansion of the existing public pension system; and therefore this House endorses the following proposals and adopts them as the basis of Ontario's pension reform policy: 1. Canadian Pension Plan benefits should be increased to 50% of earned income up to 1.5 times the Average Industrial Wage; 2. Old Age Security benefits should be pegged at 15% of the Average Industrial Wage; 3. Minimum benefits under the CPP should be based upon 50% of the Average

Industrial Wage, to recognize the value of labour outside the economy; 4. The child-rearing drop-out amendment to the Canada Pension Plan should be ratified immediately by the Government of Ontario; 5. Exemptions from the increase will be permitted to employers with established plans if they provide benefits of equivalent value; 6. The CPP should require the splitting of pension credits by economic partners; 7. and finally, the Select Committee on Pensions referenced in the Speech from the Throne should be instructed through its terms of reference, to study and report upon ways and means of implementing voluntary early retirement under the Canada Pension Plan, including in particular any necessary amendments to the income tax system. *To be debated June 11th, 1981.*

#### Ballot Item No. 11

*Mr. Miller* (Haldimand-Norfolk)—Resolution—That, in the opinion of this House, the Government recognize that economic pressures are forcing many farmers in this province out of the agriculture industry, and that the Government take immediate steps to set up short and long term financial programs so that the agriculture industry will grow and prosper and compete equitably with agricultural financial assistance programs in other provinces—and give our young farmers an opportunity to get back to farming. *To be debated June 18th, 1981.*

# Order Paper and notices

The Legislative Assembly  
of the Province of Ontario

**First Session, 32nd Parliament**  
Wednesday, June 3rd 1981

## NOTICES

### PRIVATE MEMBERS' MOTIONS TABLED ON JUNE 2nd, 1981

*(Private Members' Motions, other than those directly related to Government Orders, will be published on the Notice Paper each Thursday.)*

14. *Mr. Robinson*—Resolution—That this Government take steps to amend the Highway Traffic Act and change the corresponding regulations dealing with the use of a seat belt assembly in motor vehicles such that protection under the Act be extended to children under the age of five years so as to ensure that children are adequately restrained and protected as passengers on the highways of the Province of Ontario.
  
15. *Mr. Johnston* (Scarborough West)—Resolution—That, in the opinion of this House, the Government of Ontario should establish a Select Committee or All-Party Task Force for the purpose of analyzing and making recommendations based on the Federal Report of the Special Committee on the Disabled and the Handicapped, entitled OBSTACLES. In particular, the committee or task force should consider these specific recommendations for possible development of programmes and the introduction of legislation: 1. that the key strategy for all government assistance to disabled persons in the future must be that of "independent living". Wherever possible, disabled persons must be able to leave institutions and be provided with funds and the assistance they need to live on their own. The first step is for the government to review the income requirements of the disabled in order to ensure that they receive an adequate level of support. The province should work with the Federal Government to establish a Comprehensive Disability Insurance Programme which would be integrated with the Canada Pension Plan. Until the Insurance Programme takes effect, the province and the federal government should share the costs for income tested flat rate disability supplement to the CPP. The Plan itself should modify its Liquid Asset and Earnings Exemptions to allow for the extra costs incurred due to disability. 2. that the Ontario government require all firms with a substantial government contract to implement an Affirmative Action Programme for disabled persons. The government should establish an Affirmative Action Board through the Ontario Human Rights Commission to enforce contract compliance and provide guidelines and assistance to these firms. 3. that employers and labour unions in the private sector be encouraged to provide employment opportunities, income and job security to employees who become disabled either in or outside of the job. 4. that the provincial government work with both the federal and municipal levels of government to provide reasonable access for disabled persons to all modes of transportation. 5. that the Ontario government provide financial assistance and encouragement to municipalities to support by-laws and programmes which would increase the use of and access to all municipal services and facilities by the disabled, ensure that streetscape designs and architectural plans respect the needs of the handicapped, and require municipalities to have by-laws that permit the establishment of Group Homes and encourage the presence of disabled organizations. 6. that the Ontario government, in cooperation with the federal government, consumer groups, professional associations and voluntary organizations develop guidelines for standards of care in long-term institutional settings which

protect the rights of the handicapped to privacy, to legal advice, and to refuse medical treatment. 7. that the Ontario government ensure that its industrial development and small business grants, loans and other incentives are made available to disabled persons and their organizations. 8. that election polling stations be located so that they are easily accessible to the disabled. 9. that the operation of Lieutenant Governor's Warrants be reviewed to protect the mentally handicapped and those deemed "criminally insane". 10. that all provincial departments, agencies or crown corporations' offices which are listed in the public telephone book be equipped with a teletypewriter (TDD) in order to provide telephone access to hearing and speech impaired persons. 11. that the government assume full responsibility for funding assistive devices for the handicapped under OHIP as recommended by the Ontario March of Dimes. 12. that the Ontario government negotiate with the Federal government the replacement of the Vocational Rehabilitation of Disabled Persons Act.

## NOTICES

### PRIVATE MEMBERS' MOTIONS

1. *Mr. Shymko*—Resolution—That this House, on behalf of the people of Ontario, requests the Government of Canada to protest and condemn the latest wave of persecution, mass arrests, wounding and killing of freedom-loving Albanian nationals in Yugoslavia, mostly students and workers whose public demands for basic human, economic and national rights in the predominantly Albanian province of Kosovo have placed that region under an unprecedented state of emergency; and this House on behalf of the people of Ontario urges the Government of Canada to make appropriate representation before the Government of Yugoslavia expressing grave concern about these flagrant violations of basic human rights, in particular the ruthless action of State security forces, secret trials, torture and policies of ethnocide against the two million Albanians in Yugoslavia as documented by Amnesty International, and that such actions be opposed as incompatible with the provisions of the United Nations Charter, the Universal Declaration of Human Rights and the Helsinki Final Act to which the Government of Yugoslavia is a signatory.
2. *Mr. Kennedy*—Resolution—That in the opinion of this House, and in accordance with the Resolution of the Third Session of the 31st Parliament, passed on June 21st, 1979, the Government should introduce legislation to reduce the writ period of Provincial General Elections and By-elections to a length of 30 days; and further that the ballot include the registered political party affiliation of the candidates; and that the House give early consideration to the establishment of a Select Committee on Election Laws to consider such other election reforms as the Committee may deem appropriate.

4. *Debated May 14th, 1981.*
5. *Debated May 28th, 1981.*
6. *Debated May 28th, 1981.*
7. *Mr. Gordon*—Resolution—That in the opinion of this House, the presently operating Task Force on Equal Opportunities and Access, set up by the Ontario Advisory Council on Multiculturalism and Citizenship, which is studying provincial government appointments to agencies, boards and commissions as well as government employment and promotion practices, be extended full co-operation and assistance by government ministries and agencies, and that the report of the Task Force be made public upon its completion.
8. *Mr. Philip*—Resolution—That, in the opinion of this House, the Government of Ontario should take immediate steps to develop programs and introduce Legislation designed to alleviate the current housing crisis evidenced by the rapidly increasing price of houses and the diminishing stock of decent affordable housing in Ontario, and that, in particular, the Government should: 1. introduce a Housing Speculation Tax in the Assembly to tax away the

speculative profits made by persons who buy and sell housing and land (for the purpose of making easy profits in a speculative market), but that includes a specific exemption for homeowners selling residences they occupy, and for long term investors who provide affordable rental accommodation; 2. sponsor the establishment of a Select Committee of the Assembly to inquire into and assess the impact of the flow of foreign speculative capital on the Province's housing market; and 3. establish effective housing programs to produce and upgrade the stock of decent, affordable housing in Ontario.

9. *Mr. Miller* (Haldimand-Norfolk)—Resolution—That, in the opinion of this House, the Government recognize that economic pressures are forcing many farmers in this province out of the agriculture industry, and that the Government take immediate steps to set up short and long term financial programs so that the agriculture industry will grow and prosper and compete equitably with agricultural financial assistance programs in other provinces—and give our young farmers an opportunity to get back to farming.
10. *Mr. Taylor* (Simcoe Centre)—Resolution—That this House reaffirm its support for producer operated provincial and national marketing boards, which provide an effective means of marketing many farm products in this country, and which give farmers much needed bargaining power in the marketplace and have been an effective mechanism to provide consumers with a stable supply of wholesome food products at reasonable prices, and which are supportive of the family farm, small business, and the promotion and development of food resources throughout this province and country.
11. *Debated June 1st, 1981.*
12. *Mr. McClellan*—Resolution—That, in the opinion of this House, Recommendation #40 of the Royal Commission on the Status of Pensions in Ontario, which reads, in part: "The Government of Ontario should institute by legislation a mandatory retirement savings plan for all workers in Ontario aged 18 to 64 with the following features: (a) The Provincial Universal Retirement System (PURS) to be based on an individual account (money purchase) design."; is rejected by this House on the grounds first, that the PURS proposal will take 47 years to reach maturity, second, that PURS provides no specific benefits to individual subscribers and third, that as a mandatory plan, PURS represents government intervention to expand and guarantee a market for the services of the private pension industry; and further, that this House rejects Recommendation #35 of the Royal Commission on the Status of Pensions (respecting the Canada Pension Plan) on the grounds that the proper path of pension reform lies in the expansion of the existing public pension system; and therefore this House endorses the following proposals and adopts them as the basis of Ontario's pension reform policy: 1. Canadian Pension Plan benefits should be increased to 50% of earned income up to 1.5 times the Average Industrial Wage; 2. Old Age Security benefits should be pegged at 15% of the Average Industrial Wage; 3. Minimum benefits under the CPP should be based upon 50% of the Average Industrial Wage, to recognize the value of labour outside the economy; 4. The child-rearing drop-out amendment to the Canada Pension Plan should be ratified immediately by the Government of Ontario; 5. Exemptions from the increase

will be permitted to employers with established plans if they provide benefits of equivalent value; 6. The CPP should require the splitting of pension credits by economic partners; 7. and finally, the Select Committee on Pensions referenced in the Speech from the Throne should be instructed through its terms of reference, to study and report upon ways and means of implementing voluntary early retirement under the Canada Pension Plan, including in particular any necessary amendments to the income tax system.

13. *Mr. Reid*—Resolution—That, in the opinion of this House, non-resident campers must stay at licensed tourist facilities, licensed trailer camps, hotels or motels, or provincial parks when camping, fishing or hunting in Ontario, and that they no longer be allowed to camp free on Crown Lands for up to three weeks.
14. *Mr. Robinson*—Resolution—That this Government take steps to amend the Highway Traffic Act and change the corresponding regulations dealing with the use of a seat belt assembly in motor vehicles such that protection under the Act be extended to children under the age of five years so as to ensure that children are adequately restrained and protected as passengers on the highways of the Province of Ontario.
15. *Mr. Johnston* (Scarborough West)—Resolution—That, in the opinion of this House, the Government of Ontario should establish a Select Committee or All-Party Task Force for the purpose of analyzing and making recommendations based on the Federal Report of the Special Committee on the Disabled and the Handicapped, entitled OBSTACLES. In particular, the committee or task force should consider these specific recommendations for possible development of programmes and the introduction of legislation: 1. that the key strategy for all government assistance to disabled persons in the future must be that of “independent living”. Wherever possible, disabled persons must be able to leave institutions and be provided with funds and the assistance they need to live on their own. The first step is for the government to review the income requirements of the disabled in order to ensure that they receive an adequate level of support. The province should work with the Federal Government to establish a Comprehensive Disability Insurance Programme which would be integrated with the Canada Pension Plan. Until the Insurance Programme takes effect, the province and the federal government should share the costs for an income tested flat rate disability supplement to the CPP. The Plan itself should modify its Liquid Asset and Earnings Exemptions to allow for the extra costs incurred due to disability. 2. that the Ontario government require all firms with a substantial government contract to implement an Affirmative Action Programme for disabled persons. The government should establish an Affirmative Action Board through the Ontario Human Rights Commission to enforce contract compliance and provide guidelines and assistance to these firms. 3. that employers and labour unions in the private sector be encouraged to provide employment opportunities, income and job security to employees who become disabled either in or outside of the job. 4. that the provincial government work with both the federal and municipal levels of government to provide reasonable access for disabled persons to all modes of transportation. 5. that the Ontario government provide financial assistance and encouragement to municipalities to support by-laws and programmes which would increase the use of and access

to all municipal services and facilities by the disabled, ensure that streetscape designs and architectural plans respect the needs of the handicapped, and require municipalities to have by-laws that permit the establishment of Group Homes and encourage the presence of disabled organizations. 6. that the Ontario government, in cooperation with the federal government, consumer groups, professional associations and voluntary organizations develop guidelines for standards of care in long-term institutional settings which protect the rights of the handicapped to privacy, to legal advice, and to refuse medical treatment. 7. that the Ontario government ensure that its industrial development and small business grants, loans and other incentives are made available to disabled persons and their organizations. 8. that election polling stations be located so that they are easily accessible to the disabled. 9. that the operation of Lieutenant Governor's Warrants be reviewed to protect the mentally handicapped and those deemed "criminally insane". 10. that all provincial departments, agencies or crown corporations' offices which are listed in the public telephone book be equipped with a teletypewriter (TDD) in order to provide telephone access to hearing and speech impaired persons. 11. that the government assume full responsibility for funding assistive devices for the handicapped under OHIP as recommended by the Ontario March of Dimes. 12. that the Ontario government negotiate with the Federal government the replacement of the Vocational Rehabilitation of Disabled Persons Act.

*Second Reading* Bill 57, An Act respecting the Rights of Non-Unionized Workers. *Mr. Haggerty. To be debated June 11th, 1981.*

Ballot Item No. 9

*Mr. McClellan*—Resolution—That, in the opinion of this House, Recommendation #40 of the Royal Commission on the Status of Pensions in Ontario, which reads, in part: "The Government of Ontario should institute by legislation a mandatory retirement savings plan for all workers in Ontario aged 18 to 64 with the following features: (a) The Provincial Universal Retirement System (PURS) to be based on an individual account (money purchase) design."; is rejected by this House on the grounds first, that the PURS proposal will take 47 years to reach maturity, second, that PURS provides no specific benefits to individual subscribers and third, that as a mandatory plan, PURS represents government intervention to expand and guarantee a market for the services of the private pension industry; and further, that this House rejects Recommendation #35 of the Royal Commission on the Status of Pensions (respecting the Canada Pension Plan) on the grounds that the proper path of pension reform lies in the expansion of the existing public pension system; and therefore this House endorses the following proposals and adopts them as the basis of Ontario's pension reform policy: 1. Canadian Pension Plan benefits should be increased to 50% of earned income up to 1.5 times the Average Industrial Wage; 2. Old Age Security benefits should be pegged at 15% of the Average Industrial Wage; 3. Minimum benefits under the CPP should be based upon 50% of the Average

Industrial Wage, to recognize the value of labour outside the economy; 4. The child-rearing drop-out amendment to the Canada Pension Plan should be ratified immediately by the Government of Ontario; 5. Exemptions from the increase will be permitted to employers with established plans if they provide benefits of equivalent value; 6. The CPP should require the splitting of pension credits by economic partners; 7. and finally, the Select Committee on Pensions referenced in the Speech from the Throne should be instructed through its terms of reference, to study and report upon ways and means of implementing voluntary early retirement under the Canada Pension Plan, including in particular any necessary amendments to the income tax system. *To be debated June 11th, 1981.*

Ballot Item No. 10

*Mr. Robinson*—Resolution—That this Government take steps to amend the Highway Traffic Act and change the corresponding regulations dealing with the use of a seat belt assembly in motor vehicles such that protection under the Act be extended to children under the age of five years so as to ensure that children are adequately restrained and protected as passengers on the highways of the Province of Ontario. *To be debated June 18th, 1981.*

Ballot Item No. 11

*Mr. Miller* (Haldimand-Norfolk)—Resolution—That, in the opinion of this House, the Government recognize that economic pressures are forcing many farmers in this province out of the agriculture industry, and that the Government take immediate steps to set up short and long term financial programs so that the agriculture industry will grow and prosper and compete equitably with agricultural financial assistance programs in other provinces—and give our young farmers an opportunity to get back to farming. *To be debated June 18th, 1981.*

*Second Reading* Bill 57, An Act respecting the Rights of Non-Unionized Workers. *Mr. Haggerty.* *To be debated June 11th, 1981.*

Ballot Item No. 9

*Mr. McClellan*—Resolution—That, in the opinion of this House, Recommendation #40 of the Royal Commission on the Status of Pensions in Ontario, which reads, in part: "The Government of Ontario should institute by legislation a mandatory retirement savings plan for all workers in Ontario aged 18 to 64 with the following features: (a) The Provincial Universal Retirement System (PURS) to be based on an individual account (money purchase) design."; is rejected by this House on the grounds first, that the PURS proposal will take 47 years to reach maturity, second, that PURS provides no specific benefits to individual subscribers and third, that as a mandatory plan, PURS represents government intervention to expand and guarantee a market for the services of the private pension industry; and further, that this House rejects Recommendation #35 of the Royal Commission on the Status of Pensions (respecting the Canada Pension Plan) on the grounds that the proper path of pension reform lies in the expansion of the existing public pension system; and therefore this House endorses the following proposals and adopts them as the basis of Ontario's pension reform policy: 1. Canadian Pension Plan benefits should be increased to 50% of earned income up to 1.5 times the Average Industrial Wage; 2. Old Age Security benefits should be pegged at 15% of the Average Industrial Wage; 3. Minimum benefits under the CPP should be based upon 50% of the Average Industrial Wage, to recognize the value of labour outside the economy; 4. The child-rearing drop-out amendment to the Canada Pension Plan should be ratified immediately by the Government of Ontario; 5. Exemptions from the increase will be permitted to employers with established plans if they provide benefits of equivalent value; 6. The CPP should require the splitting of pension credits by economic

partners; 7. and finally, the Select Committee on Pensions referenced in the Speech from the Throne should be instructed through its terms of reference, to study and report upon ways and means of implementing voluntary early retirement under the Canada Pension Plan, including in particular any necessary amendments to the income tax system. *To be debated June 18th, 1981.*

Ballot Item No. 10

*Mr. Robinson*—Resolution—That this Government take steps to amend the Highway Traffic Act and change the corresponding regulations dealing with the use of a seat belt assembly in motor vehicles such that protection under the Act be extended to children under the age of five years so as to ensure that children are adequately restrained and protected as passengers on the highways of the Province of Ontario. *To be debated June 18th, 1981.*

Ballot Item No. 11

*Mr. Miller* (Haldimand-Norfolk)—Resolution—That, in the opinion of this House, the Government recognize that economic pressures are forcing many farmers in this province out of the agriculture industry, and that the Government take immediate steps to set up short and long term financial programs so that the agriculture industry will grow and prosper and compete equitably with agricultural financial assistance programs in other provinces—and give our young farmers an opportunity to get back to farming. *To be debated June 25th, 1981.*
